

Startdate: 121015, Enddate: 121021

Participants: Hampus Lilja, Mathias Dosé, Tomas Arnesson, Mattias Herzog

Sprint 05 Planning Meeting

Part One: What will be done this Sprint?

Create a splash-screen. Test will be written and documents will be updated. A reflection document will be created. GpsActivity will be connected with chat rooms so they will be shown on the map.

Part Two: How will the chosen work be done?

We will create a splash-screen so that we have time to load the database before the user can do anything. We will complete tests and documents as the other work progresses and the reflection document will be the last thing to be completed.
